

U.S. MILITARY PLAN URGED

Industry Will Seek Effective No-Strike Clause

Appears To Be One Of Important Issues Looming Before Conference

NEED PENALTIES FOR VIOLATIONS

By PHILLIPS J. PECK
(U.S. Staff Correspondent)

WASHINGTON, Nov. 8.

General adoption of no-strike clauses in contracts, supported by penalties for violation, shaped up today as one of the important planks in industry's program for the labor-management conference.

It also was evident that both sides in the parley are interested in developing machinery and methods for the peaceable adjustment of post-war disputes which will contain a minimum of government participation. An industry representative said:

"No one wants compulsory arbitration, least of all by government. In whatever machinery comes out of this conference we want a minimum of government."

Penalty Provisions Rare

Many unions currently have no-strike pledges in their collective bargaining agreements with employers, but penalty provisions and their enforcement are rare.

Members of the United Mine Workers Union, headed by John L. Lewis, long have been subject to fines for strikes in violation of contract. The result has been few work stoppages during a contract year. Mine shutdowns, if they occur, usually take place at the expiration of an agreement.

The conference committee on collective bargaining has before it the issue of "adherence by both parties to a policy of responsibility for living up to the letter and spirit of all collective agreements and effective measures to carry it out."

Consider Action Needed

The committee will consider "action needed by unions to control their members for conduct in violation of an agreement and action needed by management to control their officials and supervisory force who engage in violation of an agreement."

The question of whether wages shall be considered by the parley continued to be a top issue following

PA NEW OBSERVES

Some persons have suggested to Pa. News that the mild weather of the past few days is "Indian summer." How about it, you weather experts?

Invest your money in a share of your country. Buy all the Victory Loan Bonds you can afford and you will be a better partner in the biggest enterprise in the world—The United States of America.

Street signs around the city are in need of some touching up. Also some of the signs that give traffic instructions.

Two weeks from today is Thanksgiving day. This will be the first peacetime thanksgiving observance in several years, and will occasion many special programs.

If you are going to send a Christmas greeting card to your boy overseas, the War department advises, you still have time, if it is mailed right away, but the card must be in a sealed envelope, prepaid and sent at the first class rate.

Witnesses Tell How Japs Butchered 2,000

By PAT ROBINSON
(U.S. Staff Correspondent)

MANILA, Nov. 8.—Japanese slaughter of nearly all male civilians in four small towns south of Manila was described today at the war crimes trial of Gen. Tomoyuki Yamashita.

The former Jap Philippine commander, on his sixtieth birthday, heard witnesses tell how more than 2,000 Filipinos were coldly butchered and their bodies thrown into a river in Batangas province.

Defense counsel aroused the court's ire by objecting to testimony concerning the slaughters in

New Proposals On Dardanelles Are Made By U.S.

WASHINGTON, Nov. 8.—(INS)—America's proposal to permit free passage through the Dardanelles for warships of Black Sea powers was interpreted today in diplomatic quarters as a concession to Russia in another move to bring about better relations between the U.S. and the Soviet Union.

Secretary of State James P. Byrnes disclosed the latest American move in that direction when he reported that this nation had sent a proposal to Turkey for revision of the Montreux convention covering supervision of traffic through the vital waterway leading to the Black Sea.

Under the American plan merchant ships of all nations would have access to the straits, but only Black Sea powers would be able to move combatant vessels through the straits at will.

Use of the waterway would be

Woman Starts Upon Perilous Journey, Honolulu To U. S.

Antonia Jones, 32, Will Attempt To Sail 30-Foot Ketch From Hawaii To Mainland

HONOLULU, Nov. 8.—(INS)—Antonia "Tony" Jones, pert and blonde skipper of the 30-foot ketch, "Audacious," was on the high seas today with the avowed intention of making a solo voyage across the Pacific to San Francisco.

The 32-year-old former San Franciscan sailed from Honolulu last yesterday after overcoming coast guard and navy opposition to her proposed voyage.

Navy men described her trip as a "suicide" voyage.

This was Miss Jones' second attempt to make the voyage. Her previous try met with failure due to trouble with the tany craft's auxiliary motor.

The undaunted navigator was followed from the harbor yesterday by a large assortment of craft bidding her bon voyage.

She claims that the purpose of her trip is to find solitude, sailing experience and peace, and estimated that she would be in San Francisco in about 50 days.

STUDY ABILITY OF JAPAN TO PAY

TOKYO, Nov. 8.—(INS)—An advance party of members of the United States Reparations commission began studying Japan's ability to pay her war liabilities today.

Chairman Edwin H. Pauley of Los Angeles was expected to arrive in Tokyo November 13 to join those not on the scene.

The sixteen man commission will do most of its work in Japan but will also travel to the Philippines, China, Manchuria and other areas to further its investigation.

Scientists Seek Changes In Bill On Atomic Bomb

Men Who Made Atomic Bomb Oppose Provisions Of May-Johnson Bill

WASHINGTON, Nov. 8.—(INS)—Scientists who made the atomic bombs planned an organized fight today for the legislation they believe is necessary for national and international control of atomic energy.

Scientists who worked at below the administrative level at Los Alamos, Oak Ridge, New York and Chicago divisions of the atomic project formed a national organization and prepared to set forth their objective in a group statement.

Scientists in the group have been outspoken in their opposition to the May-Johnson bill, which they have charged in committee testimony would put science in a straitjacket by its secrecy provisions—which they contend go far beyond military applications of atomic energy.

Three Objectives

In general, their testimony before the House Military committee on the May-Johnson bill and a joint Senate subcommittee on the science foundation bill pressed for three objectives:

1. A national control program

London Expert Says Bomb Secrets Are Not Withheld

LONDON, Nov. 8.—(INS)—Prof. James Chadwick, atomic bomb expert, denied emphatically today that the United States was keeping any secrets of the weapon from Britain and added that the tasks still were "enormous" before atomic fission could be put to industrial use.

The scientist returned to London on a rush trip from America in order to brief Prime Minister Clement R. Attlee concerning technical facts before the forthcoming atomic energy meeting in Washington.

In an interview with the London Daily Express, Chadwick outlined five main points concerning the question of atomic energy.

Denies Secrets Withheld

1—He denied that the U. S. withheld secrets from Britain.

2—Said the U. S. is not taking advantage of the fact that the atomic bomb plants are all located in America in order to speed ahead in the matter of converting atomic power to industry.

3—Asserted there is no chance for atomic energy in industrial power plants for at least ten years.

4—Described atomic secrets as "not likely to be revealed without some guarantee of peace" and

5—Flatly declared there is no protection against the atomic bomb.

Barn Is Burned Near N. Liberty

Fire Destroys Structure On Norman Brenneman Farm Wednesday Afternoon

Fire, which developed from some unknown origin shortly before 5 o'clock Wednesday afternoon, destroyed the barn on the farm of Norman Brenneman, near North Liberty.

Included in the loss in addition to a considerable crop of hay, was a horse, some sheep and an auto. Slippery Rock firemen made a trip to the scene and prevented the fire from spreading to the home nearby, but the barn had gained too great a start to be saved.

Five-Year-Old Hunting Victim

WAYNESBURG, Pa., Nov. 8.—(INS)—Francis Pelly, five-year-old Wind Ridge youth, was dead today, a victim of one of western Pennsylvania's strangest hunting accidents of the 1945 season.

The boy's father, James Pelly, and an older son, Wesley, 16, had gone squirrel hunting. Francis followed. When the two got a distance from their home Wesley loaded his gun and swung it on his shoulder. The force Wesley used accidentally discharged the gun.

Just at that moment Francis came over a ridge and the charge struck him in the body.

Six Are Killed In Auto Crash

Five Youths And Girl Are Victims Of Accident In Philadelphia

PHILADELPHIA, Nov. 8.—(INS)—Five youths and a girl were killed today when their automobile failed to take a turn in the Mt. Airy section of Philadelphia, and crashed into a tree.

Police identified the victims as Pfc. Wayne Wipple, 21, of Minneapolis, Minn.; and Owen McDowell, 23, William R. Morrison, Jr., 22, Elmer R. Finkemeier, 21; George Linn, 20, and Nelen Vanderheiden, 20, all of Philadelphia.

Morrison was listed as the owner of the car and apparently was the driver, police said. Wipple was reportedly on a three-day pass from Camp Shanks, N. Y.

The girl's body was tossed 30 feet from the scene of the accident. She was picked up by a passing motorist and taken to a hospital where she died an hour later.

Police said the car was completely flattened, and bits of wreckage were strewn over a 125-foot radius. Three wrecking crews were summoned to extricate the bodies.

Effort To Kill Jap Minister Proves Failure

TOKYO, Nov. 8.—(INS)—An unsuccessful attempt to assassinate Japanese Home Minister Zenjiro Horikiri was made last night by a former member of the Kamikaze corps.

The would-be assassin was identified as Matsuo Sasaki, 26, who attacked Horikiri with a pocket knife at the home office building.

Sasaki had been living as a vagrant in Tokyo's Ueno park since his discharge from the suicide corps. He contacted Horikiri early yesterday, requesting the home minister to make a personal inspection of the horrible conditions under which people are living in squalor and filth in the park.

Horikiri told Sasaki he had an appointment. Sasaki then went to the home office building and ambushed Horikiri in the hall.

Thanksgiving November 22

HARRISBURG, Nov. 8.—(INS)—Gov. Edward Martin today proclaimed November 22 Thanksgiving Day for Pennsylvania.

The chief executive urged Pennsylvanians to display the flag "to symbolize our patriotic loyalty and devotion to the ideals of liberty, justice and equal opportunity which America holds forth as an example to the world."

"By devoting favor to these two plotted in darkness to destroy all that we hold sacred," he stated. "Let us be thankful that we breathe the air of freedom, secure in the heritage won for us by the faith and courage of the pioneers who pushed back the wilderness and founded a great nation in the new world."

Marlene Dietrich Loses Death Race

NEW YORK, Nov. 8.—(INS)—Film star Marlene Dietrich was revealed today to have lost a race with death when she flew to her dying mother in Berlin.

CBS Correspondent Howard K. Smith in a broadcast from the German city, said the German-born actress landed at Berlin in a special airplane placed at her disposal by the 82nd American Airborne Division, her mother, who had run a jewelry store there throughout the war, was dead by the time Marlene arrived.

General Motors Makes Offer Of Wage Increase

(By International News Service)

First signs of a possible break in the deadlock caused by the CIO's demand for a 30 percent wage increase throughout the automotive industry were contained today in a definite offer from the General Motors corporation.

A General Motors spokesman in Detroit, where wage negotiations are going on, said his company was willing to grant the CIO-United Automobile Workers a 30 percent increase based on 1941 wage scales.

Since General Motors had given its workers two raises totaling 14 percent since April, 1941, this would mean that the employees now would

have 16 percent additional coming under the offer, the spokesman explained. However, the union turned down the offer, declaring it was far below their demand for a 30 percent increase based on present earnings.

Continues Wage Battle

The CIO refused to give up its fight to have the wage issue discussed at the Washington labor-management conference in spite of the opposition already encountered.

President Ira Mosher of the National Association of Manufacturers said the wage issue and other issues

Pearl Harbor Probe Hearings May Be Delayed

(BULLETIN)

WASHINGTON, Nov. 8.—(INS)—President Truman today directed heads of all government agencies and departments to give complete and full cooperation to the congressional committee investigating Pearl Harbor attack in every possible way.

The running procedural fight between Democratic and Republican members of the Pearl Harbor investigating committee was carried today into a closed door session which may produce a showdown on postponing the opening of public hearings.

There were strong indications that minority members would move for reconsideration of last week's decision to begin hearings on November 15. G. O. P. members contend that until all available evidence is in possession of the committee it is futile to begin questioning witnesses.

Majority Opposition

But on this, as on the Republican demand for committee members to have the right of independent inquiry, majority opposition appeared certain. Democrats outnumber the Republicans on the joint committee, six to four.

One administration source said that a minority demand for postponement now would carry little weight.

Pitt Students Oppose Coach

Five Hundred In Demonstration Against Retention Of Shaughnessy As Coach

PITTSBURGH, Nov. 8.—(INS)—An estimated 500 Pitt students demonstrated today against the retention of Clark Shaughnessy as the University of Pittsburgh football coach.

The Panthers have won two and lost five games this season and face a strong possibility of losing another Saturday when they meet Ohio State.

Shaughnessy has a record at Pitt of nine games won and 14 lost in three seasons at the Pittsburgh institution. He is reportedly paid an annual salary of \$15,000.

Petition Signed

A petition signed by the students said: "We haven't had a good football team at Pitt since Dr. Sutherland left."

The petition also pointed out that Shaughnessy never stressed the fundamentals of football blocking, tackling and conditioning.

"In the Notre Dame game this year," the petition stated, "three plays were run while Pitt had only 10 men on the field. Shaughnessy continually substituted and ruined two Pitt scoring chances."

The students charged that the football mentor does not permit his quarterbacks to run the team on the field and questioned whether Shaughnessy had a good coaching record.

War Secretary Makes Plea For Training Plan

Secretary Patterson Urges Adoption Of Universal Military Training Program

CITES NEED FOR ACTION BY U. S.

WASHINGTON, Nov. 8.—(INS)—Secretary of War Robert P. Patterson made a fervent plea today for congressional adoption of universal military training

He said this would be the only way to insure that the United States would be able to "shake the world" never again shake the world.

Before Committee

Patterson appeared before the House military affairs committee as the first witness before what promises to be extended public hearings into the controversial proposal.

He told congressmen the discovery of the atomic bomb far from reducing America's need for trained military forces, enormously increases the need for maintaining trained "citizen soldiers" capable of swift mobilization in the event of an attack of airborne attack.

"Only through universal military training can we make both our defense and our ability to enforce peace so clear that war will never again shake the world," Patterson asserted.

First Target

Patterson said that war department studies showed that in the event of a future emergency the United States will be the first target of attack. He said the attack may come with "lightning speed" and would make use of weapons of great power and guided missiles launched at great distance from our coasts and sighted with electronic devices of extreme accuracy.

"Our ability to survive," he said, "may depend not only on our ability to retaliate in kind, but even more on our ability to mount an immediate counter-offensive that will enable us to establish control of the enemy's launching sites and production facilities."

Time will be the most important element.

Program Needed

To meet the threat of such a future emergency, Patterson said, the United States should embark upon a military program which must include the following four elements:

1. An alert and integrated intelligence system.

2. A rapid mobilization of reserves.

3. A strong and effective defense force.

4. A powerful and effective offensive force.

GENERAL MOTORS MAKES OFFER OF WAGE INCREASE

(Continued From Page One)

can be resolved satisfactorily to both labor and management at those levels where they should be considered the settled.

The tension at the plant of the Ford Motor company of Canada in Windsor, Ont., where 10,000 UAW workers are on strike, subsided and Humphrey Mitchell, Canadian minister of labor, reiterated his statement that a settlement appeared in sight.

Autos Are Returned

The hundreds of automobiles the strikers seized to form a barricade about the plant were released to their owners after the owners gave receipts stating that the cars had not been damaged. The strike, which began September 12, was for union recognition and wage adjustments.

Balloting in a strike vote continued in Ford plants in the United States. Indications were that the vote overwhelmingly would support a strike to enforce the UAW's demand for a 30 percent wage boost. Wallpaper production in the Joliet, Ill., area, the "wallpaper capital of America," was halted by strikes of craftsmen and unskilled workers in seven plants in that city and one plant at Mokena, Ill.

The strikers are members of the Wallpaper Craftsmen of America and the Wallpaper Workers International, both AFL union, and are asking wage increases retroactive to 1944.

May Tieup Packing Plants

A conference was called today between Union Stockyards and Transit company officials and union representatives in Chicago in an attempt to avert a strike of 400 employees which would threaten a tie-up of the entire packing industry in Chicago, with its 25,000 employees. The workers voted 295 to 5 to call a strike if their demands for a wage hike and shorter hours were not met.

A strike vote was set by the NLRB for December 7 among the employees of the General Electric and Westinghouse companies and the electrical workers of General Motors.

WAR SECRETARY MAKES PLEA FOR TRAINING PLAN

(Continued From Page One)

gence service to keep the United States informed of hostile moves anywhere in the world.

2. An intensive program of scientific research and development designed to insure continued United States leadership in the production of new weapons and defensive devices.

3. An industrial mobilization program under which the United States would have at all times an initial supply of the most modern instruments of war and widely dispersed plants ready at a moment's notice to produce additional weapons of the newest design.

4. Trained military manpower to use the weapons developed by American scientists and produced by American factories.

Year's Training Urged

In his discussion of the atom bomb, the secretary of war stated "we do not now have, and perhaps we never will have a way of halting the atomic bomb, except through destruction of the plant or missile propelling it toward its target."

The chief executive has urged congress to pass a law which would give the government power to order all youths between the ages of 18 and 21 to serve a year's universal service.

Under the program, however, the youths would not be considered as inductees into the nation's armed forces. They would, however, at the end of their training period, be considered as a trained reserve from which an army and navy could be raised quickly in time of national emergency.

Train 700,000 Yearly

Washington, Nov. 8.—(INS)—Secretary of War Patterson estimated today the federal government would train 700,000 youths each year under the universal training program.

He suggested they be paid \$30 a month during the training period, a figure which would bring the annual cost of the program up to one billion 750 million dollars.

Patterson stressed at hearings before the universal training committee that the trained youth would be a part of the regular United States army, and at the end of their training year would revert to a completely civilian status.

In the event of a national emergency, he said, "they would be called through a selective process in exactly the same way that men were drafted in both world wars."

The only alternative to universal training he said, would be to maintain a large standing army, which he estimated would cost the nation eight billion 400 million dollars a year.

weight since "It's the Republicans who have been fussing about delay."

Tuesday's stormy debate over Republican charges of missing records, Army-Navy intimidation of witnesses and majority limitations on a "free and open" investigation, still reverberated on Capitol Hill.

Charge Of Politics

The demands of Sens. Brewster (R. Maine and Ferguson (R. Mich. for the right to make individual investigations and inspect government records, brought a charge of "politics" from Sen. Lucas (D. Ill. who also is a member of the House-Senate committee.

"We will not change the rules for the benefit of private snipers," Lucas told reporters. "We will not permit individuals to rummage through the files of the President and the State department."

Lucas declared that the Republican party is making a "political issue" of the Pearl Harbor investigation which he branded as "poor and very thin."

He said that some of the late President Roosevelt's papers already are in the hands of the committee's chief counsel, William D. Mitchell. He added that President Truman advised him yesterday that the Roosevelt family has waived all rights to Mr. Roosevelt's files, now stored in the Archives building.

WITNESSES TELL HOW JAPS BUTCHERED 2,000

Batangas on the ground that the province was a hotbed of guerrilla activity.

No Excuse

In overruling the objection, Maj. Gen. Reynolds, presiding judge, snapped:

"Even if all were guerrillas that's no excuse for the slaughter of women and children."

A Filipino boy of 18, glaring fiercely at Yamashita, took the witness stand and showed the court 17 bayonet scars in his neck and back.

Speaking in a whisper, he testified that the Japs took the entire male population of more than 700 from the town of Anloia to the river bank. Then, he said the Japs made their intended victims kneel and a soldier, fittingly garbed in a butcher's apron, bayoneted them. The boy said he was the lone male survivor of the massacre.

The few male survivors from the towns of Antipolo, Lodi and Solute told similar stories.

One witness graphically described how he tumbled into the river running red with the blood of more than 400 men from his own village.

Others told how the Japs forced hundreds of Filipinos to leap to their deaths in a series of atrocities carried out in Batangas province.

management's flat rejection of a proposal by the CIO that the conference deal with this subject.

CIO President Philip Murray asked an executive committee to recommend that the conference endorse President Truman's wage-price program setting forth that wage increases are imperative to sustain national purchasing power.

Ira Mosher, president of the National Association of Manufacturers, issued a statement shortly afterward asserting that Mr. Truman had called the meeting to work out long term policies for better human relationship in industry, Mosher said.

"This can only be interpreted as the president's hope that this conference will devise the machinery of free collective bargaining by which the wage issues and other issues can be resolved satisfactorily by both labor and management at those levels where they should be considered and settled."

Congress May Act On Anti-Strike Legislation Now

WASHINGTON, Nov. 8.—(INS)—Congress threatened today to throw a monkey wrench into the labor-management conference by acting on anti-strike legislation.

The powerful house rules committee met to vote on a bill which penalizes labor unions which violate contract no-strike pledges and bars unions from participating financially in political campaigns.

The meeting was called by Rep. Cox (D. Ga., acting chairman, in the face of an administration request that nothing be done until after the labor-management conference, expected to begin in session three to four weeks.

"I don't see how we could delay action that long," declared Cox.

Administration spokesmen felt that action now by congress on the bill, regarded by unions as anti-labor, would prove a disturbing factor and lessen the chances of the conference reaching some agreement for settling labor disputes.

Lt. Col. V. G. Wilson Gets Purple Heart At Army Air Field

At a review ceremony at Stuttgart army air field, Stuttgart, Ark., on November 5, 1945, Lt. Col. James V. G. Wilson was awarded the Purple Heart.

While engaged in action over Germany on March 11, 1945, Lt. Col. Wilson suffered severe burns on the face, neck and wrists when his aircraft was taken prisoner, treated for his wounds and placed in solitary confinement for ten days at Pinnerberg interrogation center, located just outside of Hamburg, Germany. He was liberated by the Russians on May 2 and was returned to allied control on May 14, 1945.

Lt. Col. Wilson is the son of Mr. and Mrs. Charles E. Wilson, 11 Woodside avenue, Ellwood City, Pa.

denied to warships on non-Black Sea powers, except by the latter's permission or by approval of the United Nations.

Would Restrict Powers

This would mean that such world powers as Great Britain, France and even the United States could not send warships through the Dardanelles unless such a move were approved by the Black Sea powers or the United Nations as a whole.

According to diplomatic sources, the American proposal was another in a series of attempts by the United States to smooth out difficulties which have arisen with Russia since the defeat of the Axis powers.

Byrnes' disclosure of the American position was considered significant in view of the fact that no formal negotiations are under way to revise the original set of rules, which were ratified at Montreux, Switzerland, in 1939.

Byrnes made a great point of the fact that he had no information concerning similar proposals by Great Britain or Russia for control of the Dardanelles.

Also considered significant was Byrnes' disclosure that the United States was willing to become an active member of the Montreux convention whenever revisions are discussed.

When the original document was signed, America merely was an observer.

days of fighting "willfully laid down their arms" with the exception of 2,000 to 3,000 troops. The latter escaped southward.

Meantime, high level government officials disclosed that Chiang convened a special meeting with his generals and war zone commanders for Saturday. Observers anticipated that discussions will be aimed at developing counter-offensive plans to crush communist opposition to the central troops in 11 north China provinces.

Withdrawal of U. S. Marines From "Danger" Areas of North China

Withdrawal of U. S. Marines from these "danger" areas of north China was expected to get underway today.

Lieut. Gen. Albert C. Wedemeyer, American commander in China, declared that the American troops will depart as soon as their mission is accomplished. There were indications that the first movements might get underway by Nov. 15, but Wedemeyer made known that "local conditions" would determine the actual date of departure.

LOVERIDGE JOHNSTON EVENING CEREMONY

At 7:30 o'clock Wednesday evening in the Central Presbyterian church at an open church ceremony, Miss Mary Virginia Loveridge, daughter of Mr. and Mrs. L. Loveridge of Harrison street, was married to Capt. William L. Johnston, son of W. L. Johnston, of East Washington street.

Dr. Robert Meade Patterson officiated at the double ring service before an embankment of palms and ferns at the altar.

The bride wore a street-length dress of winter white wool trimmed at the yoke with multi-colored braid, a matching hat of winter white and navy blue accessories. Her flowers were an orchid corsage.

She was attended by her sister, Mrs. V. C. Campbell, who wore ice blue wool with black accessories and a corsage of mums and sweet peas.

Ralph Johnston of Ashland, O., was best man for his brother. The bride's two brothers served as ushers, Stewart Loveridge, of Zanesville, and her younger brother, Robert Todd Loveridge, who just recently returned from 14 months' submarine duty in the Pacific.

Wedding music was played by Miss Isabel Johnson, cousin of the bride.

Following the ceremony, a reception was held at the home of the bride's parents for 50 guests. Refreshments were served and Mrs. Forest L. Florida, Mrs. John DeGarmo and Miss Rose Reed were aides.

The couple left on a short wedding trip and will continue on to Fort Bragg, N. C., where Captain Johnston will report for duty on Monday. They will take up residence in Fayetteville, N. C.

World Fellowship Dinner To Benefit China, Philippines

Money Gift From Local Y.W.C. Clubs Will Be Sent To Y.W.C. Which Served In Asia

World Fellowship gifts of money for China and the Philippine Y. W. C. A. will be sent by the New Castle Y. W. C. A. clubs, according to the planning committee for the annual World Fellowship dinner which is to be held in the Y. W. C. A. Tuesday evening, November 13. Every Chinese Y. W. C. A. has at least one hostess through which flow thousands of Chinese women and girls making their way to relative jobs or various. All arrive in need of food and shelter. The Y. W. C. A. of China has also set up industrial training centers which become clothing, wool-spinning, or shoe cooperatives, and the trainees gradually learn to run businesses themselves.

War-time Y. W. C. A. In Manila

In Manila, the Y. W. C. A. immediately established canteens for American and Philippine soldiers as soon as war came, and Filipino student girls who were stranded in Manila found shelter and home care through the association. After the fall of Bataan, the Y. W. C. A. station wagon took food, medicine and clothing to the prisoners of war; the dormitory was filled constantly, and many classes were still conducted. Mrs. Helen G. Tucker, life of the Methodist bishop for the Philippines writes, "They have lost much in material possessions but they have not lost the spirit that made the association what it is."

Plans for the World Fellowship dinner are being made by a committee under the chairmanship of Mrs. J. Glenn Berry.

The International Exhibition of Vienna, held in 1873, until that time the largest of the "World's Fairs," drew 6,740,500 persons during six months.

Says Atomic Bomb Didn't Win War

NEW YORK, Nov. 8.—(INS)—Maj. Gen. Leslie R. Groves, commander of the famed "Manhattan project" which embraced the research and manufacture of the atomic bomb, asserted today that it "did not win the war."

He said, "the war was won much earlier, probably at the battle of Midway, but the Japanese people did not know it, then army and navy did not realize it and their war lords would not admit it."

Opening the Town Hall's 51st annual season, General Groves in an address credited the atomic bomb with bringing the realization of defeat home to the Japanese nation.

NEW YORK, Nov. 8.—(INS)—Immediate admission of at least 100,000 homeless and stateless Jews of Europe into Palestine was demanded today by former Secretary of the Treasury Henry Morgenthau. Speaking at a B'nai B'rith dinner at which he received a gold medal for his efforts in behalf of war refugees, Morgenthau said he hoped President Truman would renew his recent requests for admission of war-imprisoned Jews to the Holy Land when British Prime Minister Clement Attlee visits Washington.

NAB WAR CRIMINALS

BADEN BADEN, Germany—(INS)—More than 2,500 SS men and women have been collected in the French zone and are being sent to France for trial as war criminals, a Military Government official said today. Most of these are known to have participated in savage reprisal activities in France during the German occupation.

THE GREAT GAME OF POLITICS

(Continued From Page Four)

lections can compensate for that; that, as the Beloit (Wisconsin) News editorially says: "There is no more reason the contributions of union members should be segregated so as to give special credit than there is to separate the contributions of Methodists, Catholics, Protestants, Jews, the Federation of Women's Clubs or any other group. Yet this is precisely what the National War Fund, the Community Chests and Councils, Inc., and the American Red Cross have done."

NO REPLY to these points is even remotely made by the management apologists. They defend the arrangement wholly on the expediency ground. They rest their case on three points: (1) that the arrangement works well and the results are good; (2) that the Red Cross did not keep the arrangement secret but announced it in detail; (3) that it is necessary to "reimburse" the unions for expenses because, such as they are, they cannot take the dues of their members paid in for other purposes. The answers to these are: (1) No arrangement works well that splits an organization and fills a large proportion of its members with resentment; that the "good results" even from the dollar standpoint, are at least debatable. There are two great labor organizations—the Railroad Brotherhoods and the United Mine Workers—with which no reimbursement arrangement has ever been suggested. Yet no one claims that these have not fully met every Red Cross requirement in every campaign. Both of these unions recently protested against the arrangement, of which they said they had never heard.

(2) THOUGH the Red Cross and other contracting agencies made publicity announcements, the fact remains that until recently the great bulk of Red Cross volunteer workers, contributors and the general public neither knew nor understood anything about the reimbursing arrangement. Some of those insisting that it was no secret themselves, had never heard about it a month ago; (3) as to the inability of these unions (which spend millions of dollars to promote political candidates and causes of which, certainly, some of their members disapprove) to pay their own expenses in collecting for the Red Cross from their own people, it is difficult to conceive of any union member objecting to the use of union funds for Red Cross purposes.

PERHAPS, Mr. O'Connor will be reappointed and the Labor-Red Cross agreement renewed. But the true interests of the Red Cross will not be served by either. Mr. O'Connor's reappointment, it is contended, will further demoralize the organization. Renewal of the agreement will not end the opposition. The Red Cross men and women who believe the way to rectify a mistake and cure what they think is a bad situation is to bring the facts out in the open and discuss them, on the whole, seem wiser than those who snugly assume that the Red Cross is perfect, is not subject to criticism, never makes mistakes. But if it does make a mistake, it must be covered up, never admitted—not corrected. (Continued on Page Four)

THE PARENT PROBLEM

(Continued From Page Four)

a few years, more drivers who are dangerous than ever before in our history.

All we parents should have great concern about this matter is whether the accident betrays the child or his parents, the child bears the greatest loss, the child in the long run. Do we want the state legislatures to raise the speed limit, now that Washington no longer requests the 35-mile limit? Wouldn't we be wise to maintain this limit?

Parent's Responsibility
Parents who really care and set a good example in respect to driving, have an immediate responsibility to see that their youngsters are not allowed to drive at too early age or drive at all during their teens, if they prove themselves careless drivers. Some parents, alas, have so little control over their children that they may not be able to do much about it. Many parents can exercise more control over their adolescent youths

than they suppose. Even in extreme cases, they can refuse to sign papers to permit the youth to buy or operate a car. Yet, ever so many parents, including struggling widows, just won't have the courage of their convictions.

PIN-WORMS GO! New Treatment Gets Real Results

People don't like to talk about Pin-Worm infection. Sometimes they are too embarrassed to mention the tormenting rectal itching. And in many cases they have not known of any effective way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically recommended drug, Pin-Worms is a highly effective treatment has been made possible. This drug is the vital ingredient in P.W., the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & son.

The small, easy-to-swallow P.W. tablets act in a special way to remove Pin-Worms.

So if you suspect Pin-Worms in your child or yourself, ask your druggist for a package of JAYNE'S P.W. right away, and follow the directions. Satisfaction, guaranteed or your money back.

It's easy to remember: P.W. for Pin-Worms!

Minor Japanese War Criminals To Be Tried Soon

Expect Trials Will Be Started Some Time In December, Is Statement

TOKYO, Nov. 8.—(INS)—Col. A. C. Carpenter revealed today that Gen. Douglas MacArthur's headquarters expects to open the trials of minor Japanese war criminals "some time in December."

Carpenter, who is chief of Gen. MacArthur's legal section, added that trials of higher-bracketed accused war criminals such as former premier Hideki Tojo will follow the minor cases.

Assistant Secretary of War John J. McCloy told the Far Eastern Advisory Commission in Washington that MacArthur is anxious to proceed with the trials of nearly 2,000 accused war criminals held in Japan.

Preparing Cases
Carpenter said his staff has been working on preparations for the war criminals trials since a few days after the occupation began and already has amassed volumes of evidence.

Even before the occupation, much evidence had been recorded by interrogation of released war prisoners. The legal officer pointed out the necessity of having cases fully prepared before bringing the accused criminals to trial. He added that the apparent delay in opening the trials is due largely to physical difficulties of putting together the huge masses of evidence.

Carpenter said that the Allied nations have not yet decided on the personnel of the board which will sit in judgment on the war criminals.

The officer said he believed that only the lower bracket criminals will come to trial at the first hearings in Japan.

Classification Of Eight Areas Changed

WASHINGTON, Nov. 8.—(INS)—The United States Employment Service announced today that the classification of only eight areas was changed in October.

Four areas with a balanced labor market were reclassified to the list of communities with more than an adequate labor supply. These included the Clarksburg-Fairmont-Morgantown areas in West Virginia.

Pfc. Haggerty, served in France, Belgium and Germany, receiving the Good Conduct Ribbon, ETO Ribbon, the American and Victory Theater Ribbons.

Dr. Blackwood Is To Be Installed

Dr. J. M. Blackwood Will Be Installed This Evening At College Hill Church

Installation service of Dr. James M. Blackwood as minister of the College Hill U. P. church, Beaver Falls, will be conducted this evening at 7:45 o'clock. Dr. Blackwood recently resigned the pastorate of the Oak Grove U. P. church to accept the call to the Beaver Falls congregation.

Rev. W. E. Minter of Ellwood City will preside and preach. Rev. Thomas J. Graham of Ambler will address the congregation, while Dr. J. L. Lorimer of Beaver Falls will address the pastor.

Following the ceremony there will be an informal reception in the church parlors, when members and friends of the congregation and ministers of the College Hill churches will welcome Dr. and Mrs. Blackwood.

President Of Firm Refused Admittance

STAMFORD, Conn., Nov. 8.—(INS)—A showdown appeared imminent today in strikers' refusal to permit President W. Gleason Carey Jr. of the Yale and Towne Manufacturing company and employees to enter the company's struck Stamford plant.

Carey, former president of the U. S. Chamber of Commerce, who was barred from the Lock Manufacturing plant, by a picket line soon after the strike began yesterday, acquiesced to Mayor Charles E. Moore's request not to try again to enter his office at least until after a conciliation conference tomorrow in Town hall.

But, the mayor added, if Carey changes his mind and tries to enter the plant today the police must "do their duty"—presumably by clearing a path for him.

Discharge Score For Enlisted Men Expected To Be Cut

Slash From 60 To 65 Points Is Anticipated By December 1 — Is Report

WASHINGTON, Nov. 8.—(INS)—The War Department was expected today to cut the critical score for general discharge of enlisted men from 60 to 50 points on December 1.

Such action was believed foreshadowed by a new ruling which slashed the score for release of overseas veterans now on furlough to 50 points.

The ruling also made eligible for discharge all enlisted men now on temporary duty in the United States. They will be classed as surplus and released upon return to a reception center.

An indication that the War Department planned to cut the general score to 50 points as has been reported was given in the announcement which said:

High Rate of Discharge
"Through this action, the War Department will not only insure a continued high rate of discharge, but it will eliminate the expense and the burden on rail transportation involved in moving soldiers

who would become eligible for separation in normal course within a few weeks after they rejoin their units.

The latest discharge ruling came after the department earlier announced it had:

1. Ordered the immediate release, regardless of points, of 25,000 officers and enlisted men who were prisoners of war for 60 days or more.

2. Directed that enlisted men with 21 months overseas service since September 16, 1940, will be exempt from permanent service abroad.

Three categories were not included in the other restricting over-

seas service. They were graduates of the Fort Snelling, Minn., military intelligence service language school, volunteers to remain in the army and regular army enlistees.

The cost of treating nervous and mental diseases in the United States is more than \$200,000,000 each year.

Stalin Absent In Gigantic Soviet Parade

By NATALIA RENE
(U.S.S.R. Staff Correspondent)

MOSCOW, Nov. 8.—Picked Red army troops marched through Red Square Wednesday in a gigantic parade marking the 28th anniversary of the Bolshevik revolution.

Thousands of Moscovites, workers from various factories and employees of all offices, filled the ancient forum for the first time since 1940.

The parade carried hundreds of red flags, portraits of Premier Generalissimo Stalin and various placards. Children were borne above the shoulders of adults who threw their caps wildly into the air.

Although Premier Stalin at present is enjoying a well-deserved vacation in the Caucasus, the eyes of all who passed the tomb of Lenin were drawn to the balcony at its top where the generalissimo ordinarily reviewed Red Square parades.

Stalin Absent

Stalin was absent, his place taken by Foreign Commissar V. M. Molotov and Deputy Commissar for De-

fense Marshal Vassilevsky, but everyone in the throng appeared to feel Stalin's presence at this solemn moment.

The troops carried banners to which were attached ribbons and decorations won in hard battles. Some tanks had pictures drawn on their sides showing many of the places where these noble fortresses fought in the Second World War.

But the people were overjoyed that this was a peacetime parade and that the war was over.

Harriman Present

U. S. Ambassador W. Averell Harriman looked extremely well and was attired in his best in a fur-lined coat with a fur collar and a top hat. The ambassador's daughter, Kathleen, was more attractive than ever in a lovely dark mink coat and wore a mink hat which left the back of her head bare.

Among the other guests was Maj. Randolph Churchill, son of Britain's former prime minister, who is in Moscow for a short visit in connection with his newspaper work.

At 8:30 p. m. all prominent guests who saw the parade will meet again at a grand holiday reception given by Molotov at the foreign office mansion.

Molotov has been the center of the anniversary observance in the absence of Premier Stalin.

Newark, N. J., reported a 44 percent decrease in auto traffic fatalities during the first seven months of 1945.

4-H CLUBS OBSERVE ACHIEVEMENT WEEK

Joining in the observance of National 4-H Achievement Week, members of 4-H clubs of Lawrence county are reviewing some of the accomplishments of the past year.

Club members produced sweet corn, tomatoes, capons, hogs, lambs, and beef. Several members are raising dairy calves.

Chief emphasis the past four years was placed on production of food. In this aspect, the 4-H members made a vital contribution to the war effort, and the 1945 clubs were organized along that line. In addition to their chosen projects, the 4-H members, as part of their "Service for Victory" program, aided war bond drives, salvage collections, and played a vital part in meeting the shortage of farm labor, assuming responsibilities on the home farms, and also aiding neighbors in the production of needed crops.

Leaders of the various clubs were

responsible for much of the success of the 4-H club members. By their encouragement and suggestions, they aided the club members in carrying on the work so successfully.

SIX YOUTHS ESCAPE

MEDIA, Pa., Nov. 8.—(INS)—Crate police today sought six youths who escaped from the nearby Glen Mills reformatory in the second break at the institution within a week.

The boys fled last night, according to Maj. H. B. Hickman, superintendent of the school, who refused to divulge how the escape was engineered.

Pardon May Be Given To Dasch

Reveal How He Surrendered And Disclosed Saboteur Plot Of Nazis

SIX OF GROUP WERE EXECUTED

WASHINGTON, Nov. 8.—Further clemency—perhaps a full pardon—may be given John George Dasch, the Nazi saboteur leader whose surrender to the Federal Bureau of Investigation wrecked an enemy plot to destroy key American industry in the early stages of the second World War.

Speculation to that effect was widespread in Washington today following the dramatic disclosure of the circumstances under which eight enemy agents, landed in the United States from U-boats, were swiftly rounded up by the FBI in the summer of 1942.

Once U. S. Soldier
Dasch, once a United States soldier, is serving a 30-year sentence in a Federal prison. Another saboteur, Ernest Peter Burger, who encouraged Dasch to surrender, is going free. Their six companions in the desperate Nazi venture which threatened the atom bomb project among other objectives were electrocuted.

Attorney General Clark disclosed that a telephone call from Dasch to the FBI on June 19, 1942, led to the capture of the men who followed Dasch ashore on Long Island and four others who landed on the Florida coast.

Hated Of Nazidom
In surrendering, Dasch, a 42-year-

old former resident of New York and Chicago, was motivated by an intense hatred of Nazidom and of the German-American bund. Burger, a former Wisconsin National Guardsman, conceived his hatred of the Nazis while he was a brutally treated prisoner in a concentration camp.

The two declared they became saboteurs solely to "get out of Germany" and that they never intended to carry out the missions of destruction assigned to them by the Nazis.

Truman To Open Attlee Conference On Yacht Sunday

WASHINGTON, Nov. 8.—(INS)—President Truman will open his discussions in international control of the atomic bomb with Prime Minister Clement Attlee of Britain and Canadian Premier W. L. Mackenzie-King Sunday aboard his yacht on the Potomac river.

Attlee will arrive in Washington on Saturday and will be a White House guest Saturday night, Sunday and Sunday night.

The president will entertain the two prime ministers at a state dinner Saturday evening.

REOPEN GAMBLING CASINOS

NICE, France.—(INS)—Famed pre-war gambling casinos along the French Cote d'Azur are now open for business, it is reported by the Ministry of the Interior. Army requisitions had kept them closed during the past year. The game rooms at Cannes, Nice, and Juan-les-Pins which were well known to American tourists before the war, are presently being refitted to begin their lucrative trade again this fall. The most famous casino, that at Monte Carlo, is still the site of an American Army rest center.

CONFERENCE POSTPONED

Scheduled for Wednesday morning the conference between the county commissioners and the city council was postponed until some possible plans for use of the Sampson street property in question can be developed. Council claims it should be given title to a piece of land on Sampson street which it wants to use for a tool house for the city. Council claims liens of \$7,000 against the property.

City Solicitor Robert M. White, represented the city for the short period a conference was held. C. L. Shira, a member of the school board and also a member of the recreation board bid a disputed

piece of property in for the board at a price of \$500.

Commenting upon the Sampson street piece of property, County Commissioner Joseph F. Travers said, "this property is wanted by a trucking line which wishes to establish a terminal here. If they get it, it will mean a good sized building and perhaps a payroll of twenty-five employees."

"If the city takes it for a tool house they will be taking a piece of property on what will eventually be a main highway. We believe it is better to put delinquent tax properties back onto the tax list and get small industries upon them."

BIG NIGHT FOR JOHN

There wasn't any question about Frank L. Coen's election as sheriff Tuesday night but nobody was going to fool his 12-year-old son

John. John was in the court house until late, dressed in his Boy Scout uniform and what a night it was for him. His Dad was being elected sheriff.

For four years after January 1, John will make his home in the sheriff's residence with his parents. Mr. Coen's election as sheriff is pleasing to thousands in Lawrence county for as game protector and as an athlete he built up a reputation for square dealing.

CLOSED MONDAY

The court house will be closed on Monday in observation of Armistice Day.

GIRL ATTACKED IN PITTSBURGH

PITTSBURGH, Nov. 8.—(INS)—Pittsburgh police today continued their search for a man who brutally assaulted and raped a 16-year-old high school girl and left her lying in a Pittsburgh street.

The girl was found unconscious by a passerby a short distance from her home. She was taken to a hospital where an examination revealed she had been severely beaten on the head and face and then attacked.

Detectives said the girl remembered only that she was struck and did not see her assailant.

Girl Scouts Present Play; Awarded Flag

At the Mahoning Methodist church in the social room, members of Girl Scouts Troop 16 presented a play on Tuesday evening, entitled "Girl Scout Week," directed by Theresa Sparano. There was a good attendance and the play was well received.

Between the scenes there was group singing by the audience, accompanied by Mrs. J. B. Brettell. There were piano solos by members of the troop.

At the close, an American flag was presented to the troop by the American Legion auxiliary, represented by Mrs. Wade Daugherty. This was an award for special services in a city wide contest among the Girl Scout troops. Miss Alma Wolbertson is leader of Troop 16.

Two Ward Navymen Meet In Far Off Guam

Mr. and Mrs. William A. Moss, of West Clayton street, have received word from their son, Kenneth Moss, stationed 3-c, aboard a P.C. 800, saying he had met Stephen Hutnick, radioman, 2-c, in Guam.

Mrs. Moss seeing that Stephen was mentioned in the Seventh Ward news to be in Guam, had sent the shipping to Kenneth with the address. As soon as Kenneth received the word he proceeded to Stephen's location, which was but fifteen miles away.

Both navymen were given special permission by their officers, and relieved of most of their duties and were together from Friday noon to Monday night. Kenny reports they had a wonderful time together. Stephen is a son of Mr. and Mrs. Stephen Hutnick Sr., of East Clayton street.

Lt. William Tetlow Granted Discharge

Schwollenbach Sees Railroad Act As Pattern

WASHINGTON, Nov. 8.—(INS)—Secretary of Labor Schwollenbach indicated to congress Wednesday that the administration favors legislation similar to solve labor difficulties. Schwollenbach denied, at a hearing on full employment before the house executive expenditures committee, that President Truman has no labor program to meet the present wave of strikes.

The president is determined, he added, to give the labor-management conference now under way, the fullest chance to reach some agreement before he proposes any action to congress.

"The most satisfactory piece of legislation in view of everyone was the railway legislation," Schwollenbach significantly remarked. It held the approval, he added, of the administration, congress and the people.

Railway Law Praised

The railway mediation act law was enacted during the Wilson administration. It provides for a lengthy "cooling off" period before a strike can be held by railroad employees. In the meantime, the dispute must be submitted to arbitration. It has proved singularly successful in preventing railroad strikes.

"The president has taken the position that I have taken the position," emphasized Schwollenbach, "that we're going to give the conference every chance to work out a solution."

"I know that many people think we've been remiss in not presenting a program on labor legislation," he added. But the president was motivated by the desire, he continued, to give labor and management the opportunity to tackle the problem itself before the government stepped in.

If we can work this out and get

a program to congress this way," he told the committee. "It is infinitely better than you gentlemen working out something which would be opposed perhaps by both labor and management."

Schwollenbach told Rep. Henry (R) Wis., he estimated that 15 million out of a war-time labor force of 53 million belonged to labor unions.

The labor secretary also estimated that four to six million people will still be unemployed in fall, 1946.

Ideal Freshman Girl To Be Named

Westminster College Freshmen Nominate Six Candidates For This Honor This Year

NEW WILMINGTON, Nov. 8.—Westminster college freshmen have nominated six coeds from their class as candidates for "Ideal Freshman Girl," an annual election conducted by The Herald, campus newspaper.

Candidates are Margaret Brown, Enon Valley; Martha Kilgore, Erie; Jane Foster, Pittsburgh; Norma Jean Hasselman, Wilkesburg; Marilyn Gould, Mt. Lebanon; and Claire McClure, Crafton Heights.

The girls were selected on the basis of personality, scholarship, versatility and general adaptability in campus life.

The ideal freshman will be elected by student vote in chapel Monday morning.

Rev. J. H. Garner Accepts Call To Philadelphia

PHILADELPHIA, Nov. 8.—(INS)—The Rev. James H. Garner, pastor of the Sixth Presbyterian church of Washington, D. C., was announced today as having accepted a call to the pastorate of the Summit Presbyterian church in Philadelphia.

A graduate of the University of Pittsburgh and the Western Seminary, the Rev. Garner served as a pastor of the Presbyterian church of Cochran, and later as pastor of the Presbyterian church at Brownsville.

He will succeed the Rev. Dr. Earl G. Douglas, who is retiring to continue his studies and writing at Princeton, N. J.

Memorial Organ To Be Dedicated At Oak Grove

On Armistice Sunday at 3 o'clock, the Oak Grove U. P. congregation will gather to dedicate a beautiful Hammond organ in memory of Sgt. Kenneth A. Sumner who was killed in action in France, November 8, 1944 after seeing action with the Engineers in the North African landing, Sicily and Ayr.

The organ is the gift of Mr. and Mrs. Lester Stoner of Rose Park, Sgt. Stoner's parents.

The dedicatory sermon will be preached by the former pastor of the congregation, the Rev. James M. Blackwood, 1312 1/2 Beaver Falls, Pa.

Girls Planning College Dance

NEW WILMINGTON, Nov. 8.—Girls will ask the following to play Helene's formal dance, "Pumpkin Bunch," Friday evening in Westminster college gymnasium.

John Leonard, Belvedere senior and president of the inter-society governing body is in charge of the affair. She is being assisted by committee chairmen Dorothy Pollock, McKeesport, and Judy Gordon, Oakmont, refreshments, Marie Fleming, Whitinsville, Mass., decorations, Dorothy Sue Bolivar, Butler, tickets and Harriet Surver, Mercer, publicity.

Student Fund Has Reached \$2300

NEW WILMINGTON, Nov. 8.—Contributions for the Student Union Memorial building at Westminster college reached \$2,300 at noon Wednesday.

Student Council turned over to the student campaign \$171 which it had raised several years ago for a student fund.

The student drive for \$6,000 will continue until the majority of residents and organizations contribute 100 percent. Approximately one-half of the student body and faculty have been solicited.

Churchill Hopes U. S. Will Keep Secret Of Bomb

LONDON, Nov. 8.—(INS)—Former Prime Minister Winston Churchill expressed fervent hope Wednesday that the United States will keep the secret of the atomic bomb.

In an address to the House of Commons initiating a debate on foreign affairs Churchill hailed President Truman's twelve-point peace proposal of Oct. 27.

"If such a declaration had been made at any time between 1918 and 1939 the wars could have been prevented."

"We stand by the United States in a conviction which overrides all other considerations. We should make clear to the United States that we march by their side in the cause that Mr. Truman has defined."

"This is our chance of survival and it may even be of safety, and with that safety a vast extension of prosperity."

Defends U. S. Desire

Churchill appealed not only for preservation but "rapid expansion" of comradeship and friendship between the Anglo-Russian peoples, emphasizing that at the present time the world outlook in several aspects is "less promising" than in 1918.

The wartime premier defended the United States' desire not to disclose the atomic bomb secret.

"To be effective," he said, "Disclosure would have to take the form of a visit by Soviet specialists, engineers and scientists to United States arsenals."

"I trust we are not going to press the United States to adopt such a course. I hope we shall adhere to President Truman's policy to keep the knowledge of these processes as a sacred trust and as a deterrent to any aggressive war."

The future of the atom, Churchill said, "should be decided by parliaments and governments, not by scientists, however eminent."

Shenango Employees Credit Union Will Have Anniversary

Tenth Anniversary Banquet Will
Take Place With Program
In Cathedral Saturday

Observance of the tenth anniversary of the Shenango Pottery employees Federal Credit Union will take place on Saturday evening, with a banquet in the Cathedral dining room at 6:30 o'clock, following which a splendid program of entertainment will be presented.

In Remembrance And In Helpfulness

By Mrs. James Morris, Past National President
American Legion Auxiliary.

Twenty-five million memorial poppies worn over loyal American hearts on Poppy Day in remembrance and gratitude! Two million dollars contributed in one royal gesture by a compassionate and generous America, to the unselfish welfare program of the American Legion and its auxiliary! What a memorial tribute to America's dead and disabled heroes of the world wars!

The crepe paper poppy of the American Legion auxiliary is a nation's memorial to its dead and living heroes, as they bloom over remembering hearts on Poppy Day—for here in America we have built up the tradition that where patriotic Americans live in greatest numbers, there, our veteran-made memorial poppies are seen blooming in greatest abundance.

Behind white hospital walls, they of the crippled hands and legs and broken bodies have made the poppy of Flanders Fields something more than a glowing mass of color heaped each 30th of May upon the tomb of the Unknown Soldier at Arlington as a symbol of our gratitude to our heroic dead. They have made of the crepe paper poppy—a symbol of courage-to live. Perhaps never again, for them, will the drums beat and the bugles call to speed them shoulder to shoulder with marching comrades. The hands that held aloft Liberty's flaming torch and wielded the sword that peace might conquer and democracy reign, are today fashioning poppies, bright red banners of courage, which lead to the land of self-support and self-respect. The scarlet petals are not mere slips of tissue at all, but pay

flags to signal pennies into their pockets and the wee, small stamens are wands to transform bleak, drizzling hours into hurrying, sunny minutes.

These poppies, blooming in hospital wards throughout the land, stormy winter months will come forth on Poppy Day to wing their threefold message of Remembrance, Helpfulness and Service, straight to the heart of an understanding America, as it listens to the voice of the poppy as it rests over every loyal heart.

"I am not just a crepe paper flower. I am the glowing symbol of the sacrifice made by that gallant flower of American manhood

who marched away at the call of country and who sleep here and over there, under their white crosses, row on row, where poppies swell and toss, as Kiss each cross."

"I am not just a crushed ball of paper, wound together and fashioned by the tired hands of those other thousands who marched away at the call of country, only to return home, broken in body and spirit and with the threat of economic distress in life broken. I am the willing symbol of their sacrifice made daily behind white hospital walls, without the flare of drums and cheers of frenzied multitudes."

"I am not just a low flower, glorified by the American Legion aux-

iliary for I would not thus degrade my high mission. I am the living, throbbing symbol of the sacrifices and sacrifices rendered of all good citizens in striving on the warrents of a nation's disabled and I represent your contribution to that cause."

"In remembrance of America's heroic dead and in helpfulness to her living disabled and dependents, wear up, on Poppy Day."

Mohammed, the great prophet of Islam, suffered severe epileptic fits, and it was during one of these that he received his first "message" from heaven. After the death of his first wife, his first convert, Mohammed married 10 wives.

Agreement For Auto Industry Seems Nearer

DETROIT, Nov. 8.—(INS)—A settlement between the first of the automotive "big three" and the CIO United Automobile Workers, on the union demand of a 30 percent wage increase appeared nearer today in Detroit.

A spokesman for General Motors, the world's wealthiest industrial organization, said today the corporation is willing to grant the UAW-CIO, the world's largest union, a general 30 percent wage increase based on 1941 wage scales.

Union officials promptly turned down the offer, terming it a "joker." They said the offer would result in pay increases of only 10 to 15 cents an hour, based on present earnings. General Motors replied to the union wage demand late yesterday with an offer to raise those wages which had not been increased since 1941, according to a yardstick based on the increase in the cost of living since 1941.

Presents Answer
The 34-page brief, presented to the union in answer to the UAW-CIO's brief purporting to show that wage increases without price increases were possible, said the yardstick would be government reports. Union Vice President Walter P. Reuther, in charge of General Motors negotiations, termed the offer "a short cut to inflation." He charged the company was "trying to sandbag the public and the government into granting price increases for automobiles."

C. E. Wilson, president of General Motors, made the new offer as a counter-proposal to that rejected compromise. A spokesman for GM said:

"The offer was couched in diplomatic language and all references to 30 percent eliminated in an effort to avoid confusion. We didn't want anyone, especially our employees, to think we had granted the 30 percent demand based on current wages."

Explaining the new offer, the spokesman said:

"President Truman and several government agencies have announced that the cost of living has increased 30 percent since 1941. We agree with the President and we have offered to raise wages to meet the increased cost of living since 1941."

If the UAW-CIO and General Motors agree on a wage increase, the union is expected to use whatever raise is given as a lever to pry additional pay from the remainder of the automobile industry. GM is the first major auto maker to make a definite counter-proposal to the union demand for industry-wide 30 percent wage increases.

Fear Boy's Death Matter Of Days

Specialist In Philadelphia Gives Little Hope For Pittsburgh Boy Of Five Years

PITTSBURGH, Nov. 8.—(INS)—Although Eugene Totaro, five-year-old Pittsburgh leukemia victim, enjoyed his trip to a Philadelphia specialist, his father, Gabriel, did not. For the doctor, Harold E. Jones, said that the boy's death was a "matter of days," extinguishing one of the last days of hope that the boy might live.

Dr. Jones said that if the rare disease had not developed suddenly the boy might have lived until Christmas.

The boy's father, who still refused to give up hope, said:

"Eugene's fate is in the hands of God."

Visits to the zoo and parks in Philadelphia held a special fascination for Eugene. He was in high spirits, but during the return trip became tired and upon arrival was placed in a Pittsburgh hospital never to leave again.

At present, the cheapest nylon one can buy under OPA rules are \$1.65, but these have cotton or rayon feet. OPA price on best quality nylon hose is now \$2.50 per pair.

The new prices reduce nylons to their 1941 price level from the present guide year, 1942.

Price Of Nylons Will Be Reduced

WASHINGTON, Nov. 8.—(INS)—Official revealed today that the price of nylon hose is scheduled to drop 25 to 40 per cent, according to style and quality.

The official said the new price listings will go into effect about November 15 to 20. The good news is expected to be released by the OPA within the next week.

Nylons will be available at as low as 95 cents under the new plan, with the top quality priced at \$1.60 at chain stores and \$1.90 at other retailers.

Truce Ends Bus Strike At Capital

WASHINGTON, Nov. 8.—(INS)—Negotiations in the Transit workers wage dispute were to be opened at the labor department today as truce

less and buses operated on schedule once more in the nation's capital. The 35-hour walkout which tied up transportation for 300,000 government workers ended when striking employees of the Capital Transit Co. agreed to a 14-day truce. In the case which involved a demand for a 30-cent an hour wage boost.

President Asks For Speedy Action On Work Projects

Asks Congress To Speed Action On
107 Million Dollars Worth
Of Projects

WASHINGTON, Nov. 8.—(INS)—President Truman called for speedy congressional action on White House recommendations for more than 107 million dollars worth of post-war public work projects.

The president made his request in a letter to Rep. Clarence Cannon (D-Mo.), chairman of the house appropriations committee.

Mr. Truman recommended the appropriations in a recent message to congress. He asked for 50 million dollars in outright appropriations and 57 and a half million dollars in contract authorizations to be used during 1946.

Advanced Planning

The matter of advanced planning is one in which I have always had a close, personal interest," the president said in his letter. "To be available for immediate construction a well-developed and completely planned shelf of worthy public works projects is the best insurance against the waste which results when a program of construction is undertaken without detailed drawings and specifications being available.

"The fact that the law requires the repayment to the treasury of advances when construction is undertaken tends to insure that the public works planned by the use of such funds are needed public projects of worthwhile character as the local communities are thereby using their own credit to finance this work."

The president expressed the "earnest hope that your committee will give prompt and favorable consideration to the recommendations."

CHEWTON

J. C. YOHIO BIBLE CLASS

Regular monthly meeting of the J. C. Yohio Bible class of the Christian church was held in the church on Thursday evening. The business meeting was conducted by the president, Glenn Hannon. Plans were made for an anniversary dinner on November 20, which will be held at Priory with the members leaving the church prompt at 7 o'clock. Mrs. Glenn Hannon was appointed to collect money to be sent to the Cleveland Christian home, and tentative plans were made to conduct Bible drill classes for the children with Mrs. Robert Arnold, Mrs. Robert Tills and Mrs. Lewis Guy being appointed on the committee. Later a delicious punch was served by Mrs. Lewis Guy and Mrs. Hannon.

New members will be in the form of a Christmas party at the home of Mr. and Mrs. Glenn Hannon in December.

CHEWTON NOTES

Regular monthly meeting of class No. 5 of the Christian church will be held in the church on Friday evening.

Mr. and Mrs. George Connor and daughter Linda, Mrs. of Cleveland, Ohio, visited with Mrs. Eliza Connor on Sunday.

Mr. and Mrs. Robert Tills and Mr. and Mrs. George Hannon and daughters motored to Johnstown on Sunday and attended the services at the Methodist Christian church, where L. L. Hannon is the minister. They were also dinner guests of the Huttons.

Mrs. Lewis Guy, Miss Marian De-Is and Miss Ada Tills were in Pittsburgh on Saturday.

Mrs. J. C. Yohio and Nora and John Ritchie visited with Mr. and Mrs. Clyde Yohio and Mr. and Mrs. Lawrence Yohio of Princeton on Sunday afternoon.

Mr. and Mrs. Moulton Ferguson of Princeton visited with Mrs. Eliza Connor on Sunday.

Mr. and Mrs. J. D. Gormley of Baden visited with Mr. and Mrs. Peter Solberg on Sunday.

Mr. and Mrs. Regis Arnold attended the funeral services of an uncle in Cleveland on Monday.

Miss Jean Kelly of New Castle spent Sunday with her parents, Mr. and Mrs. Harry Kelly.

STRONG THIEVES HUNTED

PHILADELPHIA, Nov. 8.—(INS)—Police Wednesday sought stone-backed thieves who carried away a safe containing \$4,200 from the Philadelphia office of the Henry Orthle Brewing Co. while the office was closed on election day. Police later found the safe—broken open—on a vacant lot.

Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL

The International Uniform Lesson on the above topic for November 11 is Neh. 8:1-12; Psalm 111; Isaiah 61:1-8; Acts 2:46-47; Eph. 5:15-21; the Memory Verse being Psalm 111:1. "I will give thanks unto Jehovah with my whole heart, in the council of the upright, and in the congregation."

Briefly, we will speak in today's lesson of what followed the building of the walls of Jerusalem after the city had been destroyed by Nebuchadnezzar. They had rebuilt the walls of their city and "all the people gathered themselves together as one man in the street that was before the water gate; and they spake unto Ezra the scribe to bring the book of the law of Moses, which the Lord had commanded to Israel."

So Ezra, surrounded by his associates, stood on a wooden pulpit above the people, and opened the book in the sight of all the people, and the people stood up. "Ezra blessed the Lord, the great God, and all the people answered, 'Amen, Amen,' and they bowed their heads and worshipped the Lord with their faces to the ground."

The book was read and the priests made the people understand the law as it was read, and the people wept. But they were told that they should not weep or be sad, "for the joy of the Lord is your strength." They were told to go home and eat and drink, to send portions to those who had nothing, and "to make great mirth," because they understood the laws that were read and explained to them.

Hymn Of Praise

The Psalm is a hymn of praise to Jehovah, beginning, "I will praise the Lord with my whole heart, in the assembly of the upright, and in the congregation." The designation in the last verse, that the fear of the Lord is the beginning of wisdom, is from Proverbs 1:7 and 9:10.

Isaiah tells us of a vision he had "in the year that King Uzziah died. I saw also the Lord sitting upon a throne, high and lifted up, and his train filled the temple." King Uzziah reigned for 52 years, and no one knew what was to come after his death. There was a feeling of uncertainty, when Isaiah had this comforting vision.

He describes the seraphim standing above the throne, each one had six wings; with twain he covered his face, and with twain he covered his feet, and with twain he did fly.

"And one cried unto another, Holy, holy, holy, is the Lord of hosts: the whole earth is full of His glory."

Isaiah said, "Woe is me! for I am undone; because I am a man of unclean lips; for mine eyes have seen the King, the Lord of hosts."

Then one of the seraphim flew to him with a live coal in his hand, which he had taken from off the altar. "And he laid it on my mouth, and said, Lo, this hath touched thy lips; and thine iniquity is taken away, and thy sin purged."

Then the voice of the Lord said, "Whom shall I send, and who will go for us?" Then said I, Here am I; send me." Isaiah, realizing that his unruly tongue—which caused him to cry he was undone—was cleansed, was not afraid to speak and offer his services to the Lord of Lords.

"Here Am I, Send me!" This writer always associates those words, "Here Am I, send me," with the message a fine minister gave to the children of the Sunday school for their summer vacation motto. Whenever their were jobs to be done and mother or father

asked for volunteers, a youngster should say, "Here am I, send me," service begin the watchword.

In Acts the reference is to two verses we talked about in a recent lesson, so we will just mention them as showing how the early church members lived one with another. "Continuing daily with one accord in the temple, and breaking bread from house to house, did eat their meat with gladness and singleness of heart, praising God, and having favor with all the people."

When Paul wrote the letter to the Ephesians the church had spread over a great part of the Roman world. He was in prison as he wrote the epistle as usual, devotes the first part to the Christian doctrines, the second to the conduct becoming members of the church.

"See that ye walk circumspectly," reads the 15th verse of the fifth chapter.

"Redeeming the time, because the days are evil."

"Wherefore be ye not unwise, but understanding what the will of the Lord is."

"And be not drunk with wine, wherein is excess; but be filled with the Spirit."

"Speaking to yourselves in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord."

"Giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ."

Junior Hadassah Sponsors Program
Wednesday Evening For War Orphan Fund

Two and a half hours of fun was enjoyed by a willing audience on Wednesday evening at the New Castle Senior high school, when Prof. L. Daniel Schmidt gave an amazing demonstration of hypnotism and psychology.

The program was sponsored under the auspices of the New Castle Chapter of Hadassah as their yearly welfare project raising fund program for the war orphans. The audience was welcomed by Mrs. L. F. Kohn, on behalf of the Junior Hadassah.

"Hypnotism," said Prof. Schmidt, "is the obeying of another person's will, through the power of concentration," and this he capably demonstrated last evening when several participants obeyed him although they were fast asleep.

The antics of the participants brought gales of laughter from the audience as can be imagined for they did everything from imitate animals in a barnyard to juggling dancing. Amusing also was the reaction of the sleeping participants while at the horse races, and the enthusiasm shown while mind-reading.

Chairman of the event was Mina Widman, and her co-chairman was Mrs. Rose Levine. Other committee members were: Betty Gillman, Irene Greenberg, Florence Haber, Mrs. Estelle Acherman, Mrs. Nancy Rosen and Paula Levine.

The next Junior Hadassah meeting is scheduled for Wednesday, November 14.

Price Board Honors
Retiring Workers

Honoring Mrs. Goldie Koonce, secretary to the Price Board for the past three years, and Edward McDermott, OPA field representative for price for the Pittsburgh district members of the board gave a farewell party following the regular Wednesday evening meeting.

Mrs. James Moorehead, who was in charge of refreshments, poured. Mrs. Moorehead and John Gettler are members of the original panel and have served continuously for the past three years. Other members of the board are Harold Good, Jack Houston, Glenn McCracken, and Donald Thompson, chairman of the board.

Mrs. Koonce is resigning to accept a position as personnel director with a local department store. Mr. McDermott is retiring and expects to make his home in Florida from now on. Replacing Mrs. Koonce is Mrs. Marjorie Brown, formerly of the Ellwood City rationing office, who will now serve as secretary in the price division of the local office.

PAINT OFFICIAL DIES

PITTSBURGH, Nov. 8.—(INS)—Funeral services will be held Friday for Edward Thompson, 85, retired president of the Thompson Paint company, who died in his home in Pittsburgh following a long illness. Burial will be in the Allegheny cemetery.

Thompson, who had been associated with the firm 56 years, is survived by his widow, two sons, two daughters and two sisters.

Governor Martin May Announce His Intentions

Believe Outcome Of Tuesday
Election May Affect His
Senate Race Plans

PHILADELPHIA, Nov. 8.—(INS)—Republican victories in the general election pointed up the likelihood today that Gov. Edward Martin soon would announce whether he will be a candidate for U. S. senator in 1946.

GOP leaders indicated the governor's intention to disclose his decision was prompted by a desire to set the political trend in Tuesday's balloting.

Victories in Philadelphia—Smashing Republican victories in Philadelphia, where the Democrats launched the contest and were defeated in contests for other row offices—were expected to prompt Governor Martin to issue a "clarifying statement" within a few weeks.

GOP leaders were hopeful that the governor would cap a political career of almost a half century by carrying the GOP standard in the fight to capture the senate post for the first time since 1904. Incumbent Sen. Joseph P. Gurnea of Pittsburgh was expected to seek a third term.

Judges Re-Elected—Incumbent Republican Judges W. Herbert Dittrich, of Coraopolis, and John C. Arnold, of Clearfield, were assured of 10-year terms on the state superior court by voting majorities over their Democratic opponents in the 150,000-vote election.

Democracy had pinned their hopes on Allegheny County Judge A. Marshall Thompson, of Gibsonia, and John Morgan Davis, Philadelphia attorney, in the only statewide contest.

The Democratic party's hopes of retaining the city controllership in Philadelphia were dashed when former state Rep. Frank J. Tiemann, polled in a victory margin of more than 70,000 over Dr. Robert C. White.

The GOP also won elections for register of wills, coroner and treasurer as well as a majority of the municipal council.

Expert Lawrence to Resign—David L. Lawrence was expected to resign as Democratic state chairman after defeating Robert N. Wadell, Republican, in Pittsburgh's mayoralty campaign by approximately 14,000 votes.

At Scranton, Republican Mayor Howard J. Snowdon went down to defeat before James T. Hanlon, Democrat, by a handful of votes and an official recount was expected to be requested by the city's GOP leaders.

The American Labor party, described as a GOP "stronger" by Democrats prior to the election, failed to poll at least two percent of the vote cast for the voters in the appellate court race thus eliminating the organization from the ballot in 1946.

In the heavily wooded sections of Louisiana there are occasionally found cougar, or panther, lynx or wildcat, gray fox, timber wolf and black bear.

Governor Dewey To Make Address

ALBANY, N. Y., Nov. 8.—(INS)—Gov. Thomas E. Dewey will deliver a nationwide radio address at ceremonies next Monday opening the state's new school of industrial and labor relations at Cornell University. It will be his first nationwide address since last February and he will talk on labor problems.

The school, first of its kind in the United States, opened November 2 with 105 students enrolled and is designed to train young men and women for careers in industrial and labor relations. It offers a four-year course and the graduates will receive bachelor or science degrees.

Rev. Stancelewski Speaks On Postwar World To Kiwanians

Must Look To God In Planning New World Order, Local Pastor Says In Address Wednesday

Addressing the New Castle Kiwanis Club, of which he is a member, Rev. Fr. V. Stancelewski, pastor of St. Philip and James church, told Kiwanians at their noon luncheon meeting in The Castle, Wednesday, that the New World Order, which will come out of the present war, must be one which brings God into its plans, if it is to bring about true peace and happiness in the world.

The soldiers of our armies have seen real missionaries of Democracy because the peoples of other nations have had an opportunity of studying them and their ways, seeing how well they were fed and clothed and have seen their acts of mercy and kindness, and they have seen that we in America have a democracy that really works.

But the fruits of the victory won by our armies will have been wasted, he pointed out, if we try to establish a world order that is not endowed with a religious soul.

We lost the peace in the last war because the peace that was signed was founded on the principles of disunion, National egoism and totalitarianism became dominant. Order and peace can remain only through principle which are moral and spiritual.

Final plans were made for the observance of the 26th anniversary of Kiwanis here, with the annual anniversary party which will take place at Westfield Grange hall on Wednesday evening, November 14, in Westfield Grange hall. A good program is being arranged for the occasion, and a good attendance is looked for on this occasion.

Still Awaiting News Of Missing Boy In California

DOWNTOWN, Cal., Nov. 8.—(INS)—The family of the missing three-year-old Dickie Tim Sinden, waiting today for definite evidence of the child's death or for contact with possible abductors.

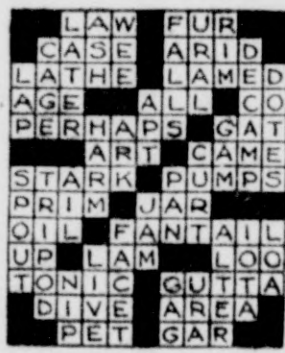

Mr. and Mrs. Joseph Tim Sinden, grieving parents of the blond, blue-eyed child, waited for any word of his fate at their mountain home from which the lad disappeared just a week ago today.

With the failure of the six-day intensive search of the mountainous area near the Tim Sinden home, family members apparently were basing their hopes for the boy's safety on the possibilities that he either may have been kidnapped for ransom or abducted by a child-starved woman.

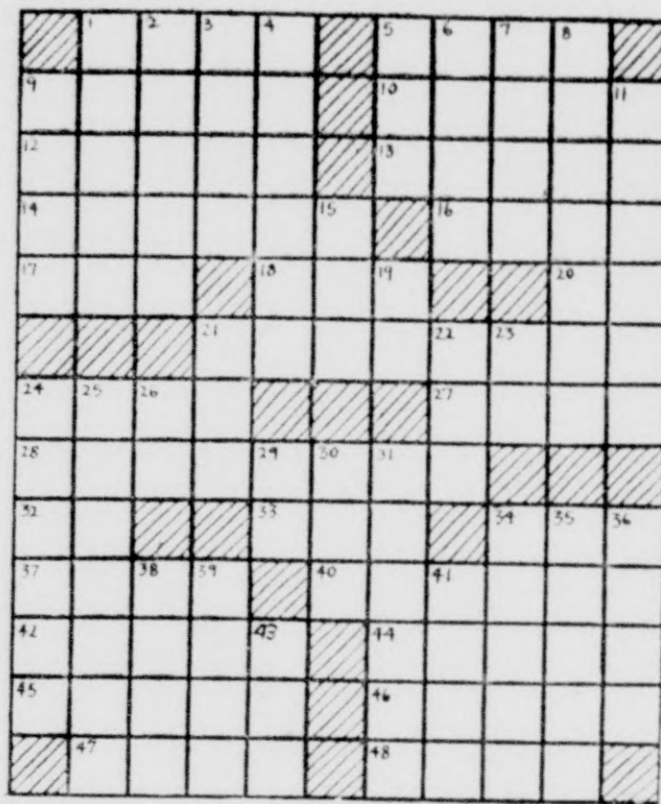

(San Francisco radio station KYA offered a \$1,000 reward for the return of the child and the arrest and conviction of any persons responsible for his disappearance.)

A LIGHTING STANDARD

If shadow areas don't exist, small objects can be clearly seen across the room, and colors reflect their brilliance—your standard of general illumination is good. If you can read your newspaper or see without squinting or tiring your eyes, your lamp task illumination is good. (Never use less than a 100 watt bulb fairly close to the work for special seeing tasks.)

Pennsylvania Power Company

Here's your number one electric appliance

Here's your number one electric appliance—a light bulb. Its contribution to your better living habits has become as much fixed in your favor as the walls and roof of your home. Its place in your way of doing things is established. It's an electrical appliance that costs only 10 or 15 cents, and a 100 watt bulb will operate for hours for only one cent.

You protect your eyes, make seeing tasks easier, reading more enjoyable and social life more cheerful when you establish a reasonable standard of living and provide simple practices of maintenance.

MAINTENANCE HABITS

Keeping a good standard of lighting up to par is easy. Keep enough extra bulbs on hand to replace dimmed or burned-out ones. You'll avoid the need of cutting down your standard by the temporary use of smaller bulbs from other lamps. Include cleaning of bulbs and shades in your regular, weekly cleaning schedule. Dirt absorbs light.

Will Release 25,000 Yanks Who Have Been War Prisoners

Will Discharge Veterans Who Were Prisoners Regardless Of Point System

WASHINGTON, Nov. 8.—(INS)—The War Department announced Wednesday that 25,000 officers and enlisted men who have been prisoners of war for 60 days or more and who are not eligible for release under the point system will be discharged immediately from the Army.

The department said that the officers and men would not be required to complete the Army's rehabilitation program for liberated prisoners of war before being discharged.

Most of the returned prisoners of war were eligible for discharge under the point system, the Army said.

The new rule was adopted in order to release from further duty some 25,000 who did not accumulate sufficient points.

Earlier Rep. Benjamin D. Wicks announced to the House that the

KEYNOTE SPEAKERS

HARRISBURG, Nov. 8.—(INS)—Republican National Chairman Herbert Brownell Jr. and Congressman Walter H. Judd (R-Minn.) were named today as the keynote speakers for the 23rd annual convention of the Pennsylvania Council of Republican Women slated to open at Harrisburg November 13.

Governor Simon Wills of Kentucky and Edward Martin of Pennsylvania were also scheduled to appear at the three-day meeting.

Pennsylvania's potential contribution to national and international affairs will be developed as the theme.

Business sessions followed the course of a group of about 100 women.

STOCK MARKET LOWER TODAY

Market Off Fractions To Point-After Being Higher Past Two Days

NEW YORK, Nov. 8.—(INS)—The stock market moved lower today after its rapid advance yesterday. It fell to a new low, but it did not fall to a new low.

Principal sufferers were the blue chips. Chrysler led a small fraction, so did Bethlehem and General Motors. American Telephone, which jumped a point to a new high at 196 1/2, then retreated to 195 1/2.

Baltimore & Ohio lost 1/2 in 10 1/2, while International Paper, strong yesterday, backed off 1/2 to 44 1/2.

Great Northern, ex-dividend, lost 1/2 to 61 1/2. Southern Pacific 1 1/2 to 33 1/2 and U. S. Steel (ex-dividend) 3/8 to 80 3/8.

Curb and bond prices were heavy.

Defense Ready For Nazi Trials

German Lawyers Report
They Are Ready For
Nuernberg Trials,
November 20

CASE OF HESS IS STILL PUZZLING

By PIERRE J. HUSS
(U. S. Staff Correspondent)

NUERNBERG, Nov. 8.—Eleven
German lawyers representing the
top-ranking leaders of Nazi Ger-
many held for trial as war crim-
inals today announced they would
be ready on Nov. 20 for the proceed-
ings to begin as originally scheduled.

Further delay will be imprac-
ticable and will serve no useful pur-
pose, the attorneys said in a joint
statement.

The lawyers thus washed their
hands of any responsibility for re-
cent mysterious maneuvers to post-
pone the trial date.

The statement said:
Defense Is Ready
"The defense is just as ready as
the prosecution to begin the trial
under present circumstances.

With the wealth of documents
available, it would not matter
whether we were given ten days or
two years to prepare the defense.

"We welcome Nov. 20 as the start-
ing date and we are not requesting
a postponement."

There was general belief that Ru-
dolph Hess, once Adolf Hitler's No.
2 deputy, is strongly supporting the
resolution, saying he is ready and
mentally competent to face trial.
However, he said claims he cannot
remember anything that happened
in the days of Hitler.

Anxiety is increasing among court
officials about Hess. Some quarters
want a speedy medical pronounce-
ment on his condition while others
favor postponement of his case un-
til the situation is fully clarified.

Warn Defendants' Lawyers
Previously allied officials had
warned the defendants' lawyers that
the trials would start this month.

Allied authorities emphasized that
the cases would be prosecuted de-
spite maneuvers through which the
Nazis hoped to delay the trial of 23
accused leaders of the Hitler regime.

The defense replied that a full
battery of counsel would be com-
pleted shortly and that the defend-
ants will be ready to face the court
as scheduled on Nov. 20.

Defense counsel indicated they
would settled for an extension of
one week in the start of the trial.
Within the next few days it ad-
will be decided whether Rudolf
Hess, who was expected to plead in-
sanity, Gustav Krupp von Bollren
and Halback III with heart disease,
and the missing Martin Bormann
will be dropped from the immediate
trial list.

The ironic fact attending the trial
is the provision, a singular excep-
tion, whereby Nazi party lawyers
will be allowed to practice their
profession before the bar. It was
pointed out that otherwise the
legal procedure might be consid-
ered prejudicial against the defendants.

Military Ballots To Decide Election Of Allegheny Judge

PITTSBURGH, Nov. 8.—(INS)—
The political majority in Allegheny
county common pleas court today
hinged on some 12,000 military bal-
lots which will be counted November
16.

The three new Democratic judge-
ships may become a fourth when
the G. I. ballots are tallied. With
only eight districts missing, Judge
Joseph A. Richardson of common
pleas court held a lead over his
Democratic opponent, Judge M.
Montgomery, for the last of the
three judgeships.

If Judge Richardson retains his
seat the court will be evenly divided
—eight Republicans and eight Dem-
ocrats. If the military ballots oust
Judge Richardson the Democrats
will have a majority.

Tuesday's Election Results Gratifying Says M. H. Taylor

HARRISBURG, Nov. 8.—(INS)—
Republican State Chairman M.
Harvey Taylor said today that the
"overall picture" of Tuesday's elec-
tion results was "very gratifying."

The tremendous majorities given
the Republican candidates for su-
perior court, Judges John C. Arnold
and W. Heber Dierich, augur well
for the future of the Republican
party in Pennsylvania, Taylor
stated.

"While there were isolated cases
of disappointment, the results as a
whole were most pleasing," he
added.

Police Chief Issues Auto Driver 'Don'ts'

Chief of police Robert D. Hanna
today issued several "Don'ts for
motorists" as follows:

Don't speed. Leaves are yet lying
on streets. If you do your car is apt
to skid into another, causing dam-
age and injuries.

Don't park so close to a Stop
sign, your car obstructs the view of
the sign of another motorist.

Don't double park. Another car
rounding your machine is apt to
crash head-on into a car from the
opposite direction.

Don't park your car opposite the
current of traffic. Your headlights
may blind the on-coming driver.

Don't operate an auto with weak
brakes. They are examined after
every serious accident.

Don't try to "beat the light." Your
car may be wrecked.

Do not fail to have in your pos-
session the registration card for the
car and operator's license.

PLAINGROVE

Mr. and Mrs. Robert Burns pleas-
antly entertained on Saturday in
honor of her daughter, Carol's
first birthday. Games and social
chat were the diversion of the eve-
ning. The honoree was the recipi-
ent of many gifts. Lunch was
served by the hostess.

Ryan of New Castle.

Mrs. Mabel Hogue was operated
on at the Jameson Memorial hospi-
tal Tuesday. Her condition seems
very favorable.

Mrs. Ella Eppinger has been dis-
charged from the Jameson Memori-
al hospital Monday. She was there
for observation.

Mr. and Mrs. William Vogler and
Mrs. John Partridge and son John
were visitors at the home of Mr.
and Mrs. Donald Burns Monday.

Mr. and Mrs. Elmer Hammer-
smith announce the birth of a son
at the Jameson Memorial hospital
Saturday.

OLD AGE TIP
HALLTOWN, Mo.—(INS)—Cath-
arine Elkins (Aunt Kate) Johnson,
who will be 105 years old Dec. 13,
offers a slight variation of how to
live to a ripe old age—avoid ner-
vousness. Straight-backed, clear-
sighted and alert, she was born
during the term of Martin Van
Buren, eighth president of the
United States.

Hillsville Man Has Army Discharge

Sgt. James Mediate, Hillsville son
of Mr. and Mrs. Frank Mediate, has
returned home from Indian-
town Gap, where he received his dis-
charge from the army.

Sgt. Mediate spent three and one
half years in the service with 15
months overseas duty to his credit.

Serving in the European theater he
was stationed in England, France,
Belgium, Holland and Germany. He
participated in the Battle of the
Bulge.

The Hillsville soldier won the good
conduct medal, the ETO ribbon and
four battle stars.
